tutor ID: 8192

city: TW3 3rs , United Kingdom

Online option:

Ich bevorzuge Unterricht vor Ort, aber schließe Onlineunterricht nicht aus.

Subject:

Chemistry, Maths, Science, Computers.

qualification:

B.Sc., B.Ed., PGDCA.

level:

GCSE, AS/A-Levels, Primary

details:

I am an experienced teacher of Science (First class graduate) with specialisation in Chemistry. Other subjects are Maths, physics, Science (GCSE) and Computer Science / Information Technology. I have taught in west London Schools and have sufficient 1-2-1 tutoring
experience.

I tell you chemistry of scoring grades in the examination. Solving previous years examination question papers is the ONLY way to gain motivation and confidence and the easiest way to grab GRADES (A /A*). First attempt to this should be at School / home rather than the examination hall. This is the point where most of the pupils make a mistake. They understand the subject matter involved but answer the questions in the examination hall. Remember the final drama will be rewarding only when there have been several rehersals & practice done. I provide these rehersals.

THE PERIODIC TABLE, Structure of atom, Elements, Compounds & mixtures, Balancing Equations, atomic mass Unit (amu), the mole concept. Further progressing to topics like bonding, Oxidation & Reduction, Noble Gases, Halogens, Acids & bases, Bond Energies, Enthalphy Calculations, s/p/d/f block elements , Organic Chemistry- Alcohols, Aldehydes & Ketones, Transition metal chemistry....., and the list is endless.....

Price:

(subject to negotiation), starting at 11 EUR/h
