Details:

Whether it's basic knowledge or advanced learning you're after I am very patient and believe the learning experience should be fun. I am proficient in Maths and English having studied 3 unit Maths and 3 unit English for the HSC. I feel very competent in these areas of study and found them to be very useful as I went on and completed a Bachelor of Economics at the University of Sydney (major in Economics and a double major in Marketing) which required a solid foundation in both maths and English. I am willing to travel or alternatively have you come to my place and am quite flexible. Please contact me if you feel that my knowledge in these areas could help
you.

Cheers,

Maryclare
