Details:

As a tutor, I hope to motivate students in ascertaining their inner strengths and abilities and discovering what truly inspires them. I aim to provide stimulating learning environment that encourages students to trust their own opinion, while fostering confidence in order for students to realize their full
potential.

Through my teaching experience thus far, I have found method of facilitating rather than dictating to be a highly beneficial style of teaching. I have learned if students construct their own language experience they will not only retain information longer, but they will also become more confident in their abilities. Being devoted to this assertion confirms that I have made right career choice for myself . I love working with children and will continue to strive to be positive influence on their lives.I hope to instill a love of learning and a desire for constant knowledge within each student.
