Ich bevorzuge Unterricht vor Ort, aber schließe Onlineunterricht nicht aus.

Fächer:

Commerce, CA, IX-XII

Qualifikation:

Chartered Accountant, B.Com (Hons)

Niveau:

From IX to XII and degree, CA etc

Details:

A Chartered Accountant, more than 6 year's experience, teaches and grooms students for brilliant result in ISC and in the entrance test in Chartered Accountancy (CPT Examination). All students, at the end of ISC, have to take a decision regarding choice of career. And the required technique and standard of studies for the most elite career lines, like CA, seems to be unachievable for most of the students. In most cases the student is not sure about what and how to do.To get into such a career and become of such standard, one needs focussed training and specialised grooming. Only proper study techniques can get a student to the required standard with ease & comfort. Needless to say, it automatically ensures that the student obtains high marks in ISC Examination at the end of Class XII.

And most of all, it ends the dilemma of choosing a career line and makes the student confident about crossing the burden of uncertainty and making a
career.

This brings about a change of attitude. The student attains a fresh mindset. student is empowered to feel that he can make a brilliant career
happen.
