Nachhilfelehrer/in ID: 25687

Ort: , India

Online-Option:

Ich bevorzuge Unterricht vor Ort, aber schließe Onlineunterricht nicht aus.

Fächer:

Maths, Computers

Qualifikation:

B E (Electrical) from NIT(REC)

Niveau:

High

Details:

i am loking for students who wish to have a sound knowledge in mathematics. Teaching for me is to make a student conceptually clear so that not only can s/he be competent on the subject but also aim at higher goals and levels beyond homework and
examinations.
Being a BE(Electrical) myself, I realise the importance of understanding this subject in growing years. Majority of the students who face problems in competitive exams is because of their weak conceptual knowledge in
mathematics.
Therefore if you think your child has an aptitude to go far and all she/he needs is an environment of personal attention and guidance then do let me know and we can discuss this
further.
Unlike money minting coaching classes I do not believe in enrolling high numbers. I too would want students who are sincere and willing to
learn.

Preis:

VHS (Verhandlungssache), ab 11 EUR/h
