Details:

I have a wide experience of working with pupils of many different ages, in small groups or on an individual basis, who have learning difficulties. I am involved in the ICT aspect of Key Skills and was responsible for the attainment in KS3 to National Curriculum guides, for WJEC assessment accreditation. From this I have successfully improved the department’s KS3 level 5+ so that last year it achieved the LEA
levels.
I am a good classroom practitioner, lesson observations by ICT Advisors, SMT link, head of department and others have produced good constructive positive feedback, which I have used to improve my teaching and learning strategies; strategies which I have included within the KS3 SOW which I have developed include, AfL, Critical Skills and Key Skills. Innovative and flexible lesson planning has enabled me to deliver diverse and enjoyable
activities.
