Details:

I am a friendly, approachable and experienced teacher with an excelelnt academic background.

I have four years\' teaching experience in Primary Schools, working across both Key Stages. I have worked in several very challenging schools in Central London. Prior to entering teacher training, I worked for a large corporate for 4 years, delivering internal training. I have high expectations of my tutees/pupils
.

I like to spend some time identifying my tutee\'s key areas of concern, then create a personalised plan for their deveopment. I draw on National Strategies and a range of educational resources to meet individual needs and learning
styles.
I like to involve parents with their child\'s learning, and ensure that individually tailored planning and target setting complements learning in
school.
