Details:

Hello to Spanish students of all ages and levels!rn
My name is Neil, and I have been speaking Spanish at an advanced level for ten years. I have lived and worked in Latin America for three years, majored in Spanish at an advanced level at university, and I am currently the organizer of 'Language Swap', an interest group of over 300 Spanish and English bilingual students (local and international) whose primary interest is cultural and linguistic exchange
.
These experiences have led me to speak Spanish to a native level, with a couple of differences. How well do you understand the mechanics of your own language? Many native speakers who also offer tuition do not understand the structure and grammar of their mother tongues. I, on the other hand, as one who has extensively studied the language, can offer accurate tuition with regards to vocabulary, punctuation, grammar and pronunciation. I hope to hear from you
soon.
