Details:

I am a graduate of BSc in Science (major in genetics and zoology) from the Australian National University (ranked no.1 in
Australia)

I am looking to provide biology tutoring to students sitting for secondary school exams or public exams. I am also familiar with other general science subjects such as Chemistry, Physics and Mathematic
s

My teaching method is to stimulate students solving problems critically without the need to memorizing the whole book. This thinking system is used in university extensively. Therefore, practising thinking earlier in studies can benefit students' in a long term
manner.

I am available on weekdays. Please contact through my e-mail to arrange tutoring classes. I will not receive any payment for the first trial lesson unless you want to continue the

tuition.

I personally prefer students from the New Territories as I live in North District.

I prefer a pay not less than $50/hr

I am looking forward to your enquiry.
